Erklärung zur Corona-Situation für NBC Wettbewerbe
Stand: 12.04.2020

Dear Sirs and Madames,

After extensive coordination and many recommendations for action, NBC sports director Marcus Habermeyer has presented a possible sports plan for the coming months.

As of today, the ending and scoring of the 2019/20 season is facing major problems in the nations.

The NBC checks the specified dates, venues and registration dates for its competitions.

The criterion is the further effects of the corona pandemic with the corresponding requirements and restrictions.

We want to give the nations the opportunity to use the 2020/21 season to get back into regular mode.

Preliminary sports plan of the NBC for the sports year 2020/21:

29.09.-03.10.2020 World Cup, European Cup, NBC Cup
   The nations can report on their responsibility in the competitions.
   An end of the 2019/20 season is not a prerequisite for reporting.
   The nations give reasons for the registration of the clubs in the competitions.
   The team trophies do not qualify for the Champions League.
   The Champions League 2020/21 will not be held.

03.11.-18.11.2020 EM Ü60, World Cup U18, WM U23, Single WM in Tarnowo Podgorne (POL)

11.02.-14.02.2021 Single World Cup U23 and general class in Schönebeck (GER)
   The requirement to report national champions is suspended.
   National championships 2020 are not a requirement.

03.04.-04.04.2021 Final Four of the Champions League 2019/20 in Apatin (SRB)

11.05.-29.05.2021 U14 World Cup, U18 World Cup, Team World Cup in Plauen (GER)
The renunciation of the Champions League 2020/21 gives the nations the opportunity to use the 4 dates of the 1st and 2nd round in national matches.

The NBC nations are free to decide whether the leagues in the nations will be ended, individual championships will be held and whether the national cup will be held at the end of the 2019/20 season.

Please stay healthy.
Mit sportlichen Grüßen

Klaus Barth
Präsident der NBC
